

PRODUCT INTRODUCTION

Exfoliate · Sebum Care · Pore Care · Soothing | 125ml / 60 pads

A daily exfoliating pad that smooths skin, evens skin tone and locks in moisture — all in one gentle step.

Dead-skin buildup, excess sebum, clogged pores, blackheads and tiny bumps...

This pad is designed to address all of these in just **one step of your daily routine**, restoring the natural balance of your skin.

A gentle daily-care pad that precisely lifts away dead skin and sebum while retaining hydration and soothing the complexion — easing the burden on your skin every day.

Types of HA

Multi-Layer Hydration

1. Peeling Care System for Multiple Skin Concerns

Ingredients that cleanse sebum & pores, exfoliate dead skin and soothe the skin — paired with micro-particles that deep-clean inside the pores.

- **Gentle BHA · Sebum & Pore Cleansing:** Betaine Salicylate offers similar effects to Salicylic Acid but is improved for higher stability and lower irritation. **5% Betaine Salicylate** delivers powerful pore + exfoliation care while staying gentle on the skin.
- **Cica Complex · Calming & Hydration: Cica-Quadra Complex** — 4 Centella-derived actives — quickly soothes irritated skin while delivering moisture, leaving the complexion comfortable and balanced.
- **Multi-Layer Hydration · 6 Types of HA:** A blend of **6 Hyaluronic Acids** at different molecular sizes forms a multi-layer hydration film, keeping moisture locked in from surface to deep within the skin.

2. PLGAnS° COMPLEX CARE

A dual-capsule system tailored to skin condition. Active ingredients are encapsulated, adhere firmly to the skin and release gradually over time for long-lasting results.

- **Point 1 · Ultra-Fine 140nm Capsule:** Super-small capsules at **140 nm** penetrate deep inside the pores, sustaining active-ingredient efficacy for up to **24 hours**.
- **Point 2 · Monitor Test Results:** Pore improvement — visible reduction after just one use. Skin texture — **porphyrin (acne-causing bacteria) reduced by 45.7%**. Wrinkle improvement — fewer fine lines around the eyes.
